HT HIGH TIDES Surfboard Tables

Thermally Modified Wood Construction

- High Tides Exclusive Surfboard Table and Barstools bring a Touch of Coastal Charm to your Home
 - Outdoor/Indoor application for all Climates, does not react to changes in Humidity
- Table Base and Barstool Bases are Manufactured with only the Finest Sustainable and Eco-Friendly USA Heat Treated Thermally Modified Pine Wood, using only natural methods, Heat and Steam and known for its dimensional stability and durability
 - Table Tops are Manufactured from only the finest Hand Select USA Pine, and are Exclusive One-of-a-Kind, Hand Painted in Sarasota, Florida, then sealed with 5 layers of Polyurethane and individually signed by our Artists
- Barstool Seat Tops are manufactured from the only the finest Hand Select USA Pine then sealed with 2 layers of Polyurethane
- Low maintenance does not require surface treatment, and to clean simply wipe down with water and cloth
 - Certified Quality control to ensure a Long Life Cycle

Dimensionally Stable

Significantly improved dimensional stability. Thermally modified wood retains its original shape better than untreated wood.

Low Maintenance

Thermally modified wood does not require surface treatment in any climate.

For All Climates Indoor or Outdoor

Thermally modified wood is proven to work well, even in the most challenging climates. Does not react to changes in humidity.

ECO Friendly Quality

A non-toxic production method for producing Thermally modified wood using only natural methods.
